# REAL PEOPLE

## SURGICAL WEIGHT LOSS OPTIONS FOR SPECIFIC WEIGHT LOSS NEEDS.

Gastric banding. Sleeve gastrectomy. ROSE procedure. Gastric bypass. Different people need different options. Find the perfect fit at UC San Diego's Center for the Treatment of Obesity.

Our team of surgeons has extensive experience in all types of weight loss surgery. As leaders in minimally invasive surgical techniques, we get patients back on their feet faster and with fewer scars. The surgeons, nurses and other team members at our center provide the very best option for every patient.

To learn more about surgical weight loss options, register for a free seminar at [www.obesity.ucsd.edu](http://www.obesity.ucsd.edu) or call 1-800-926-UCSD (8273).
